# Disclosure of Financial Relationships

Vizient, Inc., Jointly Accredited for Interprofessional Continuing Education, defines companies to be ineligible as those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

An individual is considered to have a relevant financial relationship if the educational content an individual can control is related to the business lines or products of the ineligible company.

No one in a position to control the content of this educational activity has relevant financial relationships with ineligible companies.

## It's been said

- “Of all the forms of inequality, injustice in healthcare is the most shocking and inhumane”

Rev. Dr. Martin Luther King

# Background

*we will soar*

vizient.

# Importance of Leadership

- Create the vision and mission of the organization
- Lead and shape the organization
- Represent the principles of the organization
- Engage in strategies that influence the healthcare workforce
- Develop policies that impact institutional and global healthcare

Leach & McFarland, 2014, Bradley, 2014, Rich et al., 2015.

# NYU Langone Health Nursing Strategic Map

**Vision:** NYULH Nursing is a vibrant, fully integrated team, respected for clinical contributions, trusted for effective resource utilization and recognized, both internally and externally, for our many contributions to the profession and our organizational tripartite mission.

**Goal:** NYULH Nursing to be recognized as best in the Country for Nurse Engagement, Patient Experience, and Nursing Sensitive Indicators across the care continuum.

## Strategy

**Prioritize  
Diversity  
and  
Inclusion  
in the  
Workforce**

## Tactics

**Develop nurse leader team that  
reflects the workforce and patient  
population**

**Offer and support DEI education and  
training for leaders and staff and  
during onboarding**

# Benefits of Diversity in Healthcare Leadership

Diversity in leadership drives innovation to enhance health equity.

Allows the organization to seek the most talented individuals, regardless of differences.

Increases employee engagement by showing that the organization knows and respects other cultures.

A culturally varied workplace fosters trust among a diversified patient population

# How was your overall experience with the Mentoring Program?

- The program ignited and provided inspiration to grow professionally.
- Excellent, more than I could have hoped for. Inspiring with actionable goals that proved attainable.
- I learned about so many perspectives from leaders throughout the institution that made me excited to continue my path in management. This program strengthened my confidence as a leader and helped me feel more connected to the goals of the institution as a whole.
- The Mentoring Program allowed me to nourished and flourish my passion in nursing Leadership.
- This program was not only an investment in myself but I have gained everlasting tools and different perspectives by which to serve my teams and me to others.
- Phenomenal experience
- Excellent
- I learned about the perspectives of so many different leaders in different types of positions within the institution. it helped me create a closer network system wide which is very important for the success of NYU as an enterprise. Overall gave me more tools and confidence to be a strong leader.
- There has been no greater reward than to invest in myself to encourage others on my team. This program not only built confidence but allowed me to gain leadership perspectives I can apply to daily practice.

# Lessons Learned

- Understand where support is needed
- Shift your attention towards intervention rather than solely reducing bias in order to enhance workplace diversity programs
- Maintain a dedicated emphasis on workplace-related concerns while balancing the personal issues
- Sustain an ongoing and accountable dialogue to ensure continuous progress
- Cultivate flexibility in both the content and delivery approaches to optimize the impact of the program
